15	More action on the Moscow, Couer D Alene, etc side of Idaho Keeping up with technology	5/19/2019 3:13 PM
16	A hands-on workshop for developing billing/coding system as a private practice RDN or under a smaller, independent healthcare facility. Someone who has done this in Idaho, is familiar with the process and can explain how this is done, perhaps using case studies that participants can practice.	5/17/2019 12:38 PM
17	Please continue to elevate our profession.	5/16/2019 2:54 PM
18	I would like to see the Idaho Academy of Nutrition and Dietetics utilize DTR/NDTRs as well as RD/RDNs. DTR/NDTRs are valuable members of the nutrition field. We can ease your case load if you would be willing to utilize us more.	5/14/2019 2:47 PM
19	To go along with my previous response, we need to make sure that the community/ public understands what RDN means. We need to market our profession.	5/14/2019 1:10 PM
20	Make opportunities for involvement known and accessible. Emails, social media, etc.	5/14/2019 1:09 PM
