

Research Study Advertisement

The Department of Nutrition and Dietetics seeks volunteers for a study of turmeric consumption and health. The study schedule requires 4 on-campus appointments involving consumption of a small meal and collection of urine. Appointments last ~1.5 hours each over 4 weeks and volunteers are compensated for their participation.

Volunteer criteria:

Age 40-65 years

Body Mass Index of 30-40

Non-smoker

If interested in participating, please email Andrea at **nstudy@isu.edu** and leave your name, a call-back phone number and best time(s) to call.
